PROFILE

I'm Soufiane, a passionate Junior Frontend Developer from Morocco. I love the moment an idea becomes a fast, accessible interface that people genuinely enjoy using. I build modern, responsive, and interactive web experiences using React.js and modern frontend technologies.

SELECTED PROJECTS

Nova Dashboard — React · Tailwind CSS · CSS3

A clean analytics dashboard concept with responsive data cards, a sidebar and a lightweight chart area.

Lumen Landing — HTML5 · CSS3 · JavaScript

A conversion-focused product landing page with a strong hero, feature highlights and a clear call to action.

TaskFlow — React · JavaScript · Tailwind CSS

A focused task manager interface with quick add, status columns and a calm, distraction-free layout.

EDUCATION & TRAINING

Baccalauréat Sciences Physiques — Morocco

High school diploma

A science-focused foundation that sharpened my analytical thinking, discipline and problem-solving habits.

OFPPT — Professional Training — Morocco

Professional training

Specialization: To be added

Hands-on professional training focused on practical, job-ready skills. The specialization and official dates are intentionally left as editable placeholders.

SKILLS
